

College Night 2012

Frequently Asked Questions

When is College Night 2012?

Monday, November 5, 2012 6:00 p.m. to 8 p.m.

Where is College Night 2012?

Cuesta College, San Luis Obispo Campus in the Student Services Center (Building 5400) *see map on last page*

Who should attend?

ALL San Luis Obispo County high school upperclassmen and their parents.

Why should I attend?

It is a great opportunity to meet and speak with college and university representatives from UC's, CSU's CCC's and independent schools in a single evening. *Check back at a later time for a list of participating schools.*

What should I do before I go?

Most students attend College Night unprepared, and that's a mistake. You should know what you are looking for before you arrive and who and what you want to talk about. Which reps do you want to meet? What do you know about their college already and what do you want to know? If you have a conversation with a rep and she can clearly see you are interested and familiar with the school, that impression can have an impact. A few thoughtful, well-researched questions are best.

What should I talk about?

A good way to start is by introducing yourself, your field of interest and where you currently attend high school. Then follow up with "I'm considering attending _____ (name of school), what sets your college apart from others?"

Consider the following questions:

1. *What type of student organizations and clubs are there for students?*
2. *When are the enrollment deadlines and do you require a certain SAT score?*
3. *Can I get a list of majors to take with me?*
4. *Will you be reviewing admission applications, if so what do you look for?*

5. *Can the enrollment fees be waived?*
6. *What does your school consider for admissions? (i.e. activities, grades, SAT scores, experience, interests, etc.)*
7. *Can you tell me about the safety history of the college and possibly the community it is in?*
8. *What percentage of your students go on to graduate school?*
9. *What is the placement rate for those seeking employment?*
10. *What accommodations do you offer for students with physical disabilities or learning differences?*
11. *What are the retention rates of incoming students at your school?*
12. *Is tutoring available for all students, if so, is it free?*
13. *What is the biggest student complaint you hear currently?*
14. *What does your typical class size look like?*
15. *Can I have a business card with your direct phone number? (in case you have further questions)*
16. *What is the parking situation like?*
17. *Do you offer student housing, if so, for how long?*
18. *What kind of financial aid does your school offer?*
19. *What is the cost of going to school there annually? (i.e. tuition, room and board, etc.)*
20. *Does your school allow double majors or a change of major?*
21. *When do you have to declare a major?*
22. *Is the campus wireless?*
23. *Can I work on campus?*
24. *Does your school offer scholarships or grants for incoming students? How can I be considered?*
25. *What percentage of students return for their second year?*

What should I wear?

You don't need to wear a suit and tie, but you don't want to look like you just got out of bed. College reps will remember students who seem well put-together and who demonstrate serious interest in their schools. Show them you're interested by smiling, making eye contact and being polite. Demonstrate that you are a smart, likeable, inquisitive person who would make a great college student.

If there are other students in the room who also have questions, make sure you are polite and don't hog the time.

Where should I park?

There will be free parking in Lot 2 for all high school upperclassmen and their parents.

Will there be transportation?

Our plan is to arrange bus transportation for far north county students and parents who might not be able to travel to San Luis Obispo. A centralized pick up area in Templeton is likely. *Check back in September for more details.*

What if I never heard of the college/university before?

It's okay to approach a school you are unfamiliar with. Smarter students seize the opportunity to learn about new schools, understanding that one of these freshly discovered colleges might be the perfect place for them. Be prepared to talk about yourself and what you are looking for.

Ask for contact information, and use it.

Make sure you get the admission rep's contact information. Within a day or two, send them a thank-you note and let them know you're interested in their school. Keep it short, polite and professional.

Whom should I contact with additional questions?

If you have read this document and still have questions you may contact, Angela Hollander, Scholarship Program Associate at the San Luis Obispo County Community Foundation. She can be reached at angela@slocf.org.

Who should we thank?

The San Luis Obispo County Community Foundation is thankful to our Planning Committee and our sponsor.

CUESTA COLLEGE SAN LUIS OBISPO CAMPUS

Free parking for high school upperclassmen and parents
